

# Nainaimo Global Film Festival

Donor Report

2005 to 2011

The Nainaimo Global Film Festival Group is incredibly thankful for the generous support of organizations in our community over the last seven years. The long-standing commitment to the Festival by so many groups is a testament to the community spirit that Nainaimo shares. Donations of finance, ad space, and venue have allowed the festival to evolve over the years and offer new opportunities to festival goers. Bolstered by the support of our community partners we look forward to further evolution of the Festival. With hope for a better world we can foster discussion through the medium of film. Together we can take the next steps towards a better world.

Sincerely,

The Nainaimo Global Film Festival Group
